

# Habitat Stewardship Request

**To:** Naomi Gebo; Stewardship Specialist  
**From:** Lindie Schmidt; PAS III  
**cc:** Neal Cox; District Manager  
**Date:** 7/12/2017  
**Re:** Application 51-095956; City of Bremerton CSO OF12

---

The City of Bremerton is applying for an authorization for their CSO outfall at the end of Ohio Avenue, Bremerton. The outfall easement was previously authorized as Lease 22-002655. No new work is proposed.

The discharge is authorized by Ecology as part of City of Bremerton NPDES Waste Discharge Permit No. WA0029289. Sediment sampling has been performed at the site based on February 2015 consultations with Abby Barnes, DNR Outfall Specialist. An outfall review memo has not been completed at this time.

Sampling for this site was conducted at the same time as sampling for CSO OF13. All sampling information is included in the same report (previously submitted).
